2007 WA Corporate Bowls Cup

Wednesday 24 October 2007

The 3rd Annual WA Corporate Bowls Cup was a magnificent day of outlandish fun and unrivalled networking! Hosted by the WA Olympic Council's 2008 Australian Olympic Team / WA Appeal Committee, and set at the beautiful Dalkeith Nedlands Bowling Club, 48 teams enjoyed fabulous hospitality, excellent prize giveaways while competing for the coveted WA Corporate Bowls Cup.

Our congratulations to the team from "Gleneagles Bar & Reception Centre" who took out the 2007 title from Statewide Oil with Water Corporation's "Customer First – Quality Service" team in third. As part of the day's fundraising, a successful auction was held including magnificent sporting pieces such as the amazing "Heroes of the Olympic Dream" lithograph, a personally signed Justin Langer bat, and a magnificently signed boxing glove from the legendary Muhammad Ali.

Also auctioned was a fabulous AFL experience with 6 people enjoying the Fosters Corporate Box at the first or second game of the 2008 AFL Season, thanks to Fosters.

Our sincere thanks to all the individuals and companies for their support: The day raised \$40000 for the Olympic Games Team

Don Hore Life Member passed away Monday 5th November

Don Hore joined the Dalkeith/Nedlands Bowling Club in 1990.

Almost at once Don became involved in the greens and grounds committees. He saw a need to upgrade a lot of the facilities around the grounds. The 5 greens had tin shades which Don had removed and replaced with new frames for shade cloth on each green. His next challenge was a set of permanent aluminium seating on each green with brick paving underneath. The seating was 8 short lengths for each green. When it was suggested to Don that he should have a tight line for the height of the seats he told everyone he would do it by eye. Unfortunately the last 4 seats on A green must have been on a very windy day. Members could see the last 4 seats were not level but nobody was game to tell Don. Even though those seats are not level they are a lasting memory of all the hard work Don did for your Club. He established a strong friendship with Gary Ellis our greenkeeper and spent many hours working with him around the club.

Even though Don had difficulties with his foot he loved his bowls and was remarkably accurate with the biggest bowls he could buy. He was great fun to play with and is sadly missed by all at the Dalkeith/Nedlands Bowling Club.

New Licensing Laws

All Clubs must now have an approved manager in charge of their bar at all times. Both bar licensee John Paterson and Brian Burton did a 2 day course with Clubs WA. They both passed and are now Approved Managers. Our 9 bar girls did a short course in the Responsible Service of Alcohol Course-they all passed. Belinda-Sophie-Grace-Gemma-Elena-Maeve-Lauren-Cherie-Rachel.

We then apply to the Licensing authority for an exemption to allow all our girls to be Approved Managers in the absence of the two legal ones. This way we don't have any trouble with the act. Our new License will have 11 names on as Approved Managers. Members can still help behind the bar as long as there is an approved manager present.

New members and groups.

U.W.A. has more and more groups now using our Club facilities. We had the Country Medical Students-Senior Medical student wind up plus many other groups that are showing an interest in bowls. George's Corporate bowls is now in full swing with most December Friday afternoons booked out. Weddings start in January, mixed with birthdays etc. Corporates have made a great difference to our bar trade and are now an important part of our finance.
