NEWSLETTER OF THE DALKEITH NEDLANDS BOWLING CLUB

JUST SAYING

I recall a think tank we conducted at the club, probably around 6 years ago, chaired by Peter Prout and inviting input from a good crowd of members present. Following this I was involved with the writing of a report on the results of that meeting. In summary what was drawn from that session was a that we could not realistically hope to be the best at bowling club but we could become the best bowling club to belong to. A couple of recent events made me think we may now just be the best.

The trip to Albany with 24 bowlers was a great success, enjoying each other's company and the fun of some bowls as well. The Local Quins event saw over 40 bowlers and partners involved in a great day of bowls followed by a superb dinner at Steves and finally a great 42 team Spring Fours.

So the message is be involved. Forget the little grizzle's we hear about fees, playing conditions etc. You are part of a great club full of great people and run purely by volunteers, generous with their time. Enjoy ! As a recent newcomer to our club observed, joining Dalkeith was like " getting a lovely warm hug". Now that's nice to hear - and perhaps what we should be all about.

What a Picture !!

Our first male Mug of the Week, Geoff Cahif, enjoyed his complimentary coffee at The Local and the staff made him feel very welcome, so if you have a turn they want to see you. So well done to The Local and remember it was they who provided the wonderful meal at Steve's at the conclusion of the Quins.

WEIR'S BUTCHERS

WEIR'S WHEEL is spun every Thursday with prizes of 4 great takeaway meals from our loyal sponsors Weirs Butchers on Broadway. The winners will tell you they are delicious . Check out their great range of quality meat and take home meals and thank Mark and his family for their support.

Well done Peter Jeanes and his team for a great Spring Fours carnival. He brought on board a generous new sponsor and took the bold step of making it a one day event, which proved to be more popular in attracting entries. Sue Harris and her team's involvement in the catering deserves a special mention.

Prize donations from Lexus, Grand Cru, Aero Bowls, Carlton and David Wood ensured the raffles were a great financial success.

So well done Peter.
Mug of the Week to you.
Enjoy a coffee or two at The Local. They are expecting you.
