DALKEITH NEDLANDS BOWLING CLUB IN LINE FOR A BIG BOOST UNDER WA LIBERALS

A commitment of half a million dollars would see the development of a new outdoor facility at the Dalkeith Nedlands Bowling Club should the WA Liberals win the coming State election.

Under the WA Liberals' Building a Better Future blueprint, \$500,000 would be delivered towards the construction of a freestanding gable structure, providing the Club and local community with a much-needed covered outdoor area for sports, events and activities in all weather conditions.

Jonathan Huston, Liberal Candidate for Nedlands, said the Dalkeith Nedlands Bowling Club has been a strong community-based hub since its establishment in 1948 and remains a key venue for a wide range of activities.

"This funding will make a real difference to the Club and the wider Dalkeith and Nedlands communities," Mr Huston said.

"A covered outdoor area provides an accessible space for everyone, regardless of the weather, and will enhance community connections."

WA Liberal Leader Libby Mettam said the WA Liberals' Building a Better Future' blueprint is about practical measures like investing in local communities and supporting the spaces that help them thrive.

The new covered area will significantly enhance sports, events, entertainment and community activities with an all-weather canopy that can be used 24/7 for a variety of purposes.

The Liberal's \$500,000 commitment a third of the overall estimated \$1.5 million project cost.
